Good content and great information.

I'm a fairly new employee and didn't know much about positive and negative rooms, I took a lot from this.

This [webinar] solves a question I have been fighting for months.

Excellent presentation. One worthy of re-watching.

This is a cost effective, professional development series for facility staff, administrators and contractors. This is a fantastic opportunity to stay up to date on current issues without leaving your facility. You will receive complete session information approximately 2 weeks before each webinar. Each webinar offers 1.5 CECs approved by ASHE.

PLUS if you sign up now, you'll receive the login information for the last webinars of the 2022 series.

Registration is now open at www.whea.com for this 2023 webinar series. Follow the drop downs under the Education tab, click on “Education Programs”.

To receive the members only discounted rate, you must log into your WHEA membership account and use the Members Only registration form. If you have forgotten your login, just use the “Forgot Login” feature to gain access.

You may sign up anytime during the year but the cost will stay the same - there is no individual webinar pricing. All webinars will be recorded and you will receive a link to that recording after the webinar has been presented. Even if you are not able to attend, you can still have these important updates to watch at your convenience.

The subscription is location specific. Each facility/company must purchase their own separate subscription, and if your facility or company has more than one location that you'd like to be able to watch the webinars, you must purchase a subscription for each location.

A specific list of tentative monthly webinar topics will be available on the website once we have the schedule set. Webinars will cover a variety of subjects that focus on current hot topics.
