Program Objective

The Healthcare Construction Certificate is a one-day seminar designed for contractors and hospital construction supervisors to provide knowledge of issues pertaining to construction in a healthcare environment.

The attendee will receive a certificate of attendance, hard hat decal, wallet-size proof of certificate and a link to a pdf copy of the presentation PowerPoints.

This seminar will be of interest to all contractors, their construction supervisors, facility managers and the staff of the engineering and maintenance departments. It will focus on healthcare construction and the operation of its critical life support systems and provide a refresher to the various code and recordkeeping requirements.

Cancellations

The registration fee must be paid in full by the beginning of the program.

A non-refundable charge of \$50 will be made for any cancellations made after 3-6-19. **There will be no refunds after the start of the program.** If the program is cancelled for any reason, refund is limited to the program fee.

Program Location

The program will be held at the:

**Embassy Suites by Hilton Milwaukee Brookfield
1200 South Moorland Road, Brookfield**

If you need lodging, a block of rooms has been reserved for the night before the program date at a discounted rate for a limited time. Please call 1-262-782-2900 for reservations and mention "Wisconsin Healthcare Engineering Association" for this discounted rate.
