

WHEA's 2022 Monthly "Lunch & Learn" Webinars

Every 2nd Thursday of the month
11:30 am to 1:00 pm

Available by yearly subscription only.

WHEA does an amazing job of getting relevant topics and knowledgeable speakers

The entire webinar was beneficial.

The {Education & Professional Development} committee has done a great job picking topics out.

[WHEA] Keep doing what you are doing, it is appreciated.

Well presented, good speakers.

WHEA's Educational and Professional Development Committee is offering 12 webinars for the 2022 calendar year for a one time, low price per computer connection.*

\$500 Regular Registration (\$42 per webinar)

\$300 WHEA Member Discount (\$25 per webinar)

NO LODGING NO OVERTIME ONE TIME PAYMENT

This is a cost effective, professional development series for facility staff, administrators and contractors. This is a fantastic opportunity to stay up to date on current issues without leaving your facility. You will receive complete session information approximately 2 weeks before each webinar. Each webinar offers 1.5 CECs approved by ASHE.

PLUS if you sign up now, you'll receive the login information for the last webinars of the 2021 series.

Registration is now open at www.whea.com for this 2022 webinar series. Follow the drop downs under the Education tab, click on "Education Programs".

To receive the members only discounted rate, you must log into your WHEA membership account and use the Members Only registration form. If you have forgotten your login, just use the "Forgot Login" feature to gain access.

You may sign up anytime during the year but the cost will stay the same - there is no individual webinar pricing. All webinars will be recorded and you will receive a link to that recording after the webinar has been presented. Even if you are not able to attend, you can still have these important updates to watch at your convenience.

Each facility/company or location must purchase their own separate subscription. Individuals within that facility may watch the webinar however they wish, by themselves, or as a group.

The webinars will cover a variety of topics that focus on "hot-topic", code alerts and management level subjects throughout the year.
